If You Have a Criticism

The first few pages contain useful information about telephone service—a service we aim to make both helpful and pleasing.

We realize that difficulties will sometimes occur in spite of our best efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps to prevent them from happening again. Below are directions for you to follow in reporting service difficulties and obtaining assistance.

If any matter is not handled to your satisfaction after you have followed these directions, please call the Business Office Manager. You will find his name and telephone number on Page 2. No charge is made for calls from [illegible] to the Telephone Company in New York City and suburbs, except for [illegible] service described on Page 7.

To Do Business with the Company

YOUR ACCOUNT is handled by a representative who will be glad to arrange for any changes in your service or to furnish information regarding bills, directories, etc. When calling from your own telephone, just lift the receiver and ask the operator for "Business Office." From a telephone other than your own, give the operator the number of the Business Office, as shown below. In transacting business in person, use the Business Office most convenient to you.

The Business Offices are open week days from 9 to 5, except Saturday, when they close at noon. If, outside these hours, an emergency arises requiring immediate establishment or restoration of service, dial or call Exchange 6-5100 and ask for the [illegible].

When any of the procedures suggested on Page 1 have failed to supply your needs, your Business Office Manager would appreciate a call from you.

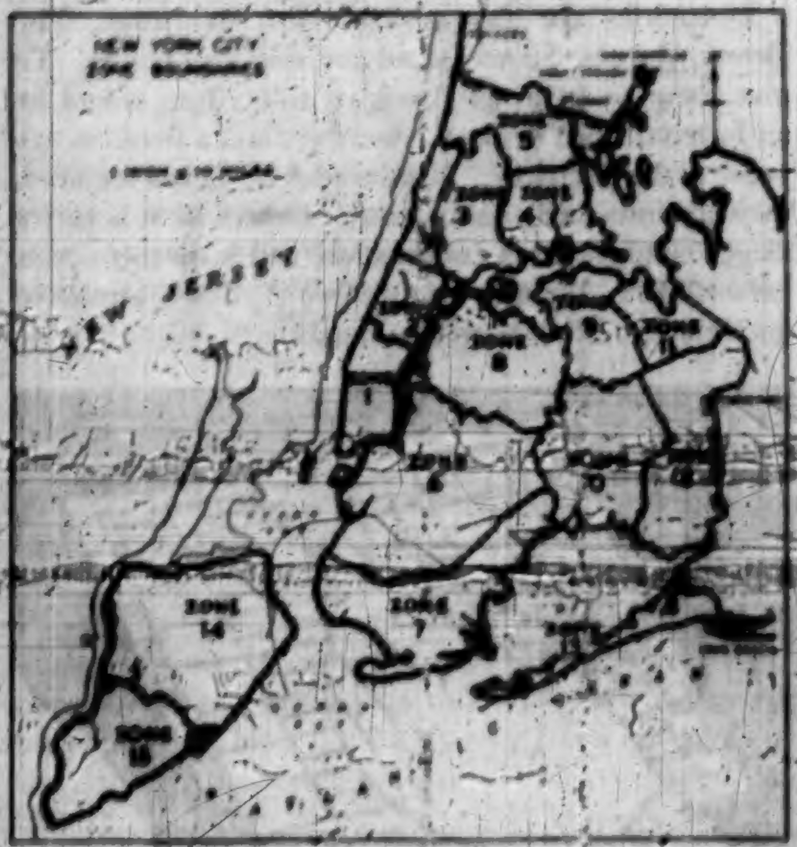
Useful Information about the Service

CHARGES FOR LOCAL SERVICE

Telephone service in Brooklyn is charged for in two ways.

Message Rate Service

The monthly rate for this service pays for all outgoing local calls up to a certain number. A charge is then made for each call over that number. No charge is made in case your call is not completed because of a "Line is busy" or "Don't answer" condition, or for any other reason. If you get a wrong number, call this to the attention of the Operator.



New York City is so large and its telephone system so complex that it has been necessary to divide the city into zones. Each call to a nearby zone counts as one call. Each call to more distant zones counts as two and in some few cases three calls. The Operator will be glad to tell you whether any call you wish to make is a one-, two- or three-call charge; or a card showing this information may be secured by calling the Business Office.

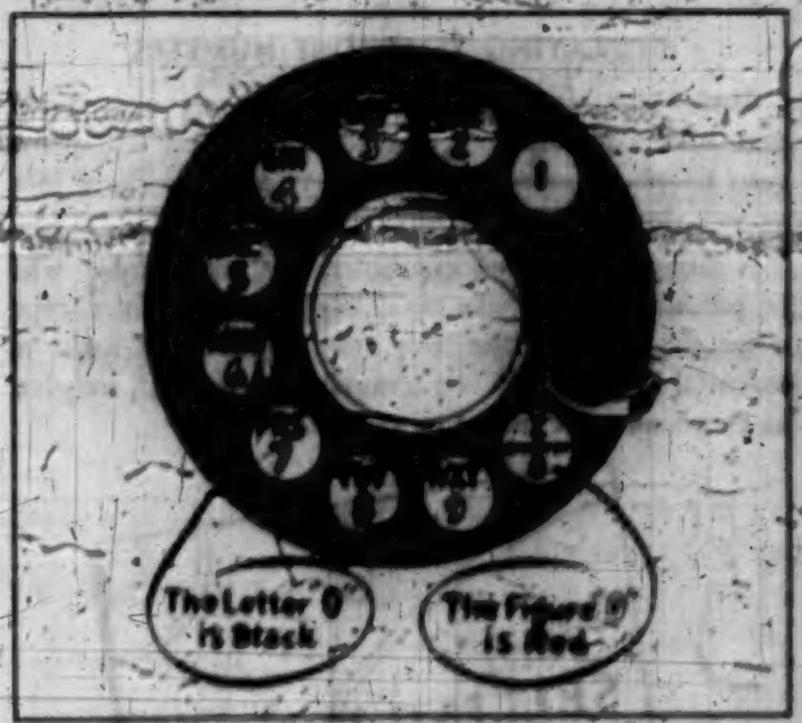
Our message rates provide for an overtime charge on all local calls of more than five minutes. However, we do not make this charge within the one-call range unless the time is materially in excess of five minutes. At public telephones, however, the overtime charge is made.

Flat Rate Service

If preferred, residence service can be had at a monthly charge which pays for all outgoing calls within Brooklyn. Calls to other points in New York City are charged for at 5c, 10c, or 15c for the initial 5 minute calling period. The Operator will be glad to tell you the charge for any call at any time; or a card showing this information may be secured by calling the Business Office.

HOW TO DIAL

If you are not sure of the number, look in the directory.
If the number is not in the directory, dial 411.
Dial the first two letters of the central office name, the office numeral and each figure of the line number, for example—
Let's say the number is FOxcroft 9-9970.
Remove the receiver.
Listen for the dial tone—a steady humming sound.
Place your finger in the opening over the letter "F".
Move the dial clockwise until you strike the finger stop.
Remove your finger and allow the dial to turn back. Do not push the dial back.
Dial the letter "O" (in black) in the same way.
Then dial the figures 9, 9, 9, 7 and 0 (in red) in order, followed by party letter, if any.
When you hear a burr-burr-burr sound, the called telephone is ringing.
If you hear a buzz-buzz-buzz sound, the called telephone is busy.
If you hear a buzz-buzz—buzz-buzz sound, you have made an error in dialing. Hang up for a few seconds and begin again.



The Letter "O" is Black
The Figure "0" is Red

If you make a mistake in dialing, hang up for a few seconds and begin again.
If you have trouble dialing a number, hang up for a few seconds. Then dial the opening where the word "Operator" appears and she will help you.
If you have a party line or an extension telephone and you do not hear the dial tone when you remove the receiver to make a call, inquire if the line is in use. If [illegible] hang up for a few seconds and begin again. Listen while dialing and if you hear another party come in on the line, inform him that it is in use and request him to please hang up his receiver. When he does so, hang up your receiver for a few seconds and begin again.
The calls that you should dial and those you should give to the operator are shown on the card that has been furnished you, additional copies of which may be obtained at the Business Office.

BILLS

Telephone bills are rendered once a month and are due on presentation.

When paying in person, please have the bill with you. Any telephone bill may be paid at any of the offices listed on the back of the bill.

When paying by mail, please send your check to the P. O. Box [illegible] accompanying the bills or to the Business Office. Payment should be accompanied by the stub. If the stub has been mislaid, please write your telephone number on the check.

Service charges are billed for one month in advance of the billing date. Toll calls and additional local calls are billed for one month prior to the date of the bill.

DISPLAYING TELEPHONE NUMBERS

It will be a convenience to those who may wish to call you, and will help to speed service, if you will print your telephone number on stationery and elsewhere just as you do your street address.

Although we cannot guarantee that any number will be permanent, we make no changes in numbers except when the needs of the telephone system itself make it essential to do so. When a number is changed, we give as much advance notice as possible.

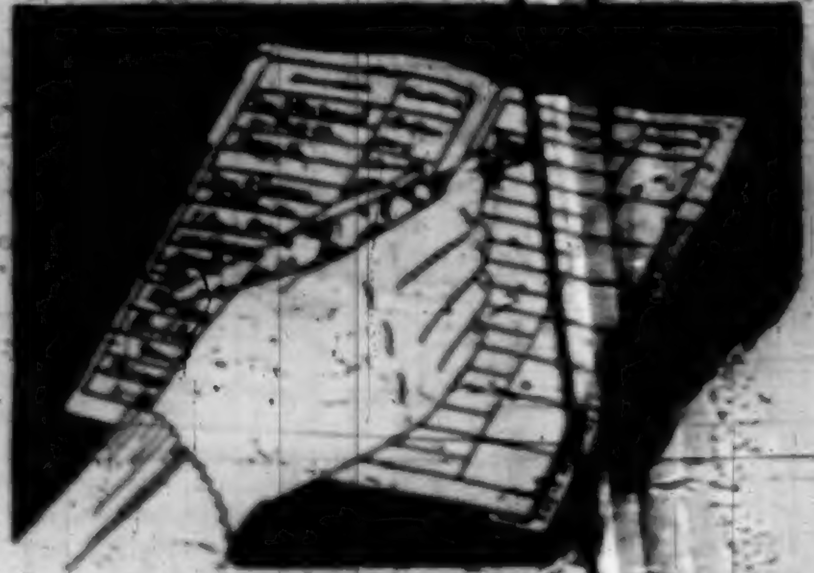
For this 16-page booklet containing suggestions and [illegible] advertising hints, dial 811 or ask the Business Office.

DIRECTORY AND INFORMATION SERVICES

It is important to your service that you first know the number and then that you dial it or give it to the Operator accurately.

For this reason every subscriber in Brooklyn is given a [illegible] scribers. A classified directory listing all business subscribers under business headings is also furnished as a [illegible]

Directories are also available for Manhattan, The Bronx, Queens, Staten Island and [illegible]. To give these books to all [illegible] would be an inconvenience to most subscribers and [illegible] expense to the Company. In cases where [illegible] required, they are furnished upon request. [illegible] better to get numbers from [illegible] them on a personal list. We also furnish [illegible] booklets for listing telephone numbers.



For a free copy of this booklet, dial 811 [illegible] Business Office. It's a handy place to list [illegible] you frequently call.

When you get a new directory, please check your own listings, and if incorrect notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the [illegible].

Additional listings and advertising may be arranged for by calling the Business Office.

IDENTIFICATION OF EMPLOYEES

Every employee of the telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a metal badge showing the Company's name and his own number. Other telephone employees also carry suitable identification. We suggest that subscribers refuse access to their premises to anyone who represents himself as from this Company, but who cannot so identify himself.

ATTACHMENTS TO TELEPHONES

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need, the Company is ready to furnish special equipment at reasonable rates.

VISITS TO COMPANY BUILDINGS

We are glad to welcome telephone users at our central offices. The operation of our switchboards, the maze of wiring and cable arrangements, the delicate machinery of our dial offices, and other features of our business, are of great interest to thousands who have seen them. Ask the Business Office (Dial 811) to arrange for your visit.

PRIVACY OF TELEPHONE SERVICE

(Extract from Penal Law):

"A person who wrongfully obtains, or attempts to obtain, any knowledge of a telegraphic or telephonic message by connivance with a clerk, operator, messenger or other employee of a telegraph or telephone company, or being such clerk, operator, messenger or other employee, [illegible] of a telegraphic or telephonic message or dispatch entrusted to him for the transmission or delivery, or of which contents he may in any manner become possessed, * * * is punishable by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or by both such fine and imprisonment.

OBSTRUCTING COIN TELEPHONES

(Penal Law, Section 1432-a.)

It is provided by the Penal Law as amended March 26, 1931, that any person who shall prevent or conspire to prevent the return of coins to the users of coin telephones, or cause such coins to be unlawfully retained, or who shall by any device or means interfere with the action or operation of such coin telephones, shall be guilty of a misdemeanor.

Portable telephones can be carried about and plugged in just like electric lamps wherever needed. They not only save steps but are in keeping with the [illegible] furnishings of any home.

Monthly charge with message rate service	50c
Charge to put in each outlet	$4.00

Portable telephones are also available to business users at slightly higher rates.

Flat Rate Service Charges will be furnished on request by the Business Office.

ADDITIONAL LINES

With an added line the smaller business has an extra doorway for telephone calls. [illegible] the business is made more accessible by telephone as it is through personal visits. While calls are being made over one line, the other line is available for calls also. Additional lines in the home are furnished at somewhat lower rates. Charges for additional lines will be furnished on request by Business Office.

BUSINESS SERVICE

Telephone service speeds up business transactions, opens the doors for telephone orders, aids in selling and buying. [illegible] the adequacy of its telephone service.

Individual Line Service

Monthly charge which provides for 75 outgoing local calls	$5.00
Charge to put in	$3.50

Additional local calls, [illegible] 75 and [illegible] Calls are charged at [illegible] depending on distance from your own Central Office. For typical out-of-town charges see pages 9 and 10.

Private Branch Exchange Service

This consists of a switchboard of suitable size located on the subscriber's premises, extension telephones connected to the switchboard, and trunk lines from the switchboard to the central office.

Monthly charges for message service:

Switchboard	Depends on size
Extension telephones, each	80c
1st trunk, including 75 outgoing local calls	Individual line rate
Additional trunks, each	$2.50
Charge to put in	On application

EXTENSION TELEPHONES IN BUSINESS

Conveniently placed telephones connected to your main line save delay in answering and making calls. They save energy, eliminate confusion, and assure privacy.

Monthly charge with message rate service	80c
Charge to put in	$2.50

DIRECT LINES

Where frequent communication is required with branches or important customers, private wires afford instant direct communication [illegible] offices. They frequently cost less than service connected to the central office.

TELETYPEWRITER SERVICE

This service transmits the written word just as the telephone transmits the spoken word. You can be connected with anyone in the United States having the same service. You can transmit rush orders and information to factories, branches, warehouses, or to different departments of the business. Both the sender and receiver have typewritten copies of each message, and as many as six copies can be made by each teletypewriter. Teletypewriters can be operated by anyone who can operate a typewriter. Charges are made for local and out-of-town messages depending on the distance and the length of period the service is used.

Private line teletypewriter service which is not connected to the general system is also available.

For further information call the Business Office (Dial 811).

WIRING PLANS

Wiring plans are special arrangements that give services not available with the usual main and extension telephone services. There is no charge to install these services and monthly charges vary. Wiring plans are easy to operate and have some or all of the following features:

Privacy. When you want to use your extension telephone without being overheard by someone else on the line, a cut-off arrangement will insure privacy.

Intercommunication. Occasions often arise when it is desired to telephone others on the same premises. A proprietor may desire to give instructions to his employees. A housewife may wish to talk to her servants. A wiring plan makes it possible to talk directly between main and extension telephones without calling the operator.

Pick-up. Calls can be made or received over more than one line from the same telephone. It is helpful in cases where one person uses more than one line or when one person answers calls for a second person who is absent.

Holding. The holding feature is of great value since it permits you to have someone wait on one line while you make or receive another call at the same telephone over a second line.

INTERCEPTING EQUIPMENT

This makes possible the answering at one point of any number of telephones while employees are away from their desks or talking on other lines, thereby reducing customer annoyance and congestion of your telephone lines. The charge varies with the requirements to be met.

TIME-OF-DAY SERVICE

The correct time may be obtained by dialing or calling MEridian 7-1212 [illegible]. The charge from message rate stations is one local message. From all other stations the charge is five cents.

EQUIPMENT FOR THE HARD-OF-HEARING

People who have difficulty in hearing over the telephone may have a service that amplifies the voice heard in the receiver. Persons whose hearing is normal may also use the instrument without difficulty.

Monthly charge	$1.25
Charge for changing telephone	$2.50

Similar equipment is available to all customers in Brooklyn at the following attended public telephone locations:

Central Court Bldg.	Schermerhorn and Smith Sts.
Long Island R. R. Term.	Flatbush Ave.
Supreme Court Bldg.	Joralemon St.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph and Cable Company or the Western Union Telegraph Company following the instructions shown under this heading in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones, paying as you would for a telephone call.

CONFERENCE TELEPHONE SERVICE

A number of people, in the same city or in different cities, can talk together by telephone as if around a table. To place a conference call, or to secure the rate or other information regarding the service, dial 211 or call Long Distance and ask for the Conference Operator.

SEQUENCE CALLING

If you wish to make a large number of out-of-town calls in rapid succession with little waiting between calls, you may file with the Company a number of calls at one time, preferably in writing. The operator will put through each succeeding call as soon as the previous one is completed. Printed forms for convenience in making up these lists will be furnished by the Business Office (Dial 811).

TOLL CREDIT PLAN

Credit identification cards are furnished to travelling representatives of business concerns. Telephone calls can then be made from any Telephone Company business office in the United States and the charges billed to the home office. Representatives do not need to carry cash for telephone calls, and the home office has information as to the telephone selling activities of its representatives.

OTHER SERVICES

Other services which can be readily supplied by the business office include hand telephones, black or in color, of the desk or hang-up type; extension bells and gongs; signal lamps; head receivers; [illegible] transmitters; [illegible] [illegible] key-word selling and other aids to [illegible] out-of-town [illegible], and many others.
